

## Prince Edward Island Food Technology Centre

# Natural Products Extraction Project Manager

The P.E.I. Food Technology Centre (FTC) is seeking a Project Manager to provide leadership, technical direction and coordination for a team of Scientists (Natural Products Biochemist, Chemical Engineer, Purification Chemist) and supporting technologists as well as taking responsibility for managing an ACOA-sponsored Atlantic Innovation Fund project. The NPE Project Manager is responsible for acquiring, structuring, and managing delivery of natural products extraction projects locally, nationally and internationally.

The incumbent must have high energy, enthusiasm, leading edge technical awareness, excellent communications skills, project and time management skills, and offer a track record of pursuing industrial opportunities and securing contracts.

FTC operates in a modern technical facility with ISO 9001 certification. FTC's laboratories are accredited by Standards Council of Canada, and its pilot plant is registered by the Canadian Food Inspection Agency. (Please visit our website at [www.gov.pe.ca/ftc](http://www.gov.pe.ca/ftc))

### Qualifications:

- Ph.D. in biochemistry or a related discipline or M.Sc. in biochemistry with extensive relevant experience.
- 5 to 7 years experience in managing senior technical staff with a proven track record.
- Capable of managing financial, budgeting and reporting components of an ACOA-sponsored Atlantic Innovation Fund project
- Capable of providing technical guidance to project leaders (Ph.D./M.Sc. level) and supporting technologists.
- Strong background in analytical chemistry, process engineering, and natural products extraction
- Proven ability to innovate and manage development of scientific projects
- Capable of working with industry clients and partners to procure advanced natural products extraction projects.
- Extensive industry experience in a cost-recovery environment
- Extensive knowledge in regulatory matters
- Strong project management skills
- Effective team building and organizational skills
- Excellent problem solving skills
- Effective written and verbal English skills
- Advanced computer literacy
- Must be eligible to work in Canada

Salary - \$54,116 to \$67,645

Position Status - Term contract ending September 2008

Closing date - August 25, 2006

To apply please submit a curriculum vitae, including a summary of your relevant experience and the names of three references to:
