CAREER OPPORTUNITY

Packaging/Filling Technician

Full Time

Healthy Berries Ltd. produces supreme-quality Wild Blueberry Whole Fruit Puree with a patented process, TEKMAASH. Our puree products are a convenient, healthy, and easy-to-digest way to consume whole fruit. We work directly with farmers across Atlantic Canada, hire local, and are dedicated to our community.

Description

The Packaging/Filling Technician is responsible for the operation of the bottle washer, filler, capper, decreasing process, and case packing operation. The right candidate will be required to safely operate the bottle washing and filling equipment, troubleshoot problems, perform quality checks, and maintenance tasks with knowledge of pneumatics and electrical systems. The Technician is highly accountable for safety, process control and product quality in the filling section.

Duties

- ✓ Start-up, sterilization, operation, and clean-up of the bottle line;
- ✓ Mechanical ability with problem solving/troubleshooting skills;
- ✓ Perform preventative maintenance based on established schedules; ensuring that daily, weekly and annual maintenance is performed;
- ✓ Record all necessary quality assurance and production data;
- ✓ Should have a strong focus on Safety, Quality, and Efficiency, continually evaluating work practices in the spirit of constant improvement;
- ✓ Ability to multi-task and follow standard operating procedures;
- ✓ Perform other tasks and assignments as instructed by the Manufacturing and Engineering manager;
- ✓ Perform visual inspection of the product during production to ensure the absence of defects. Inspect for the presence of lot number/expiration date, when applicable;
- ✓ Ensure all packaging/labeling components are present and adequately applied to the finished product, when applicable;
- ✓ Place finished packaged units inside corrugated shipper cases. Verify case weight meets established acceptable weight range and print case weights;
